

SURROUNDED BY TEASHOPS!

Someone suggested doing some walks with a theme - Lynne and her friend had run a very successful teashop for several years – so the “Tea-Shop Walks” were born!

Small enterprises anywhere need support so it was decided that everyone joining a Teashop walk should have cake and tea afterwards to say thank you for our day of enjoyment in the surrounding countryside. Often the teashop provides car parking as well, so everyone benefits in some way on a Teashop Walk.

What started as a fun thing, doing one walk each month, has lasted for nearly four and a half years. So, thank you for your support in coming on the walks and for suggesting new teashops. We have already visited 50 different teashops, The Garden at Kingsland being our 50th (and what a lovely place it was!). We hope to find a further 50 to make it **9 years and 100 different teashops!**

Lynne and I also hope that you will return to some of the places with your friends and family to look around or do a walk – and have cake and tea! Most cafes have a website so that you can check on opening times and location, and read more about the places themselves before you visit. Here are the First 50:

Establishment	Location	Services Offered
